

**(ARWADEx) المؤتمر الإقليمي لتحتية المياه**  
**The Regional Water Desalination Conference (ARWADEx)**

23 Sep 2024

**ARWADEx extends its congratulations to the leadership of the Kingdom on the occasion of Saudi National Day 94**

On this special day, the Kingdom of Saudi Arabia proudly celebrates its 94th National Day—a moment of reflection for its leadership and people alike .

The Regional Water Desalination Conference (ARWADEx) extends heartfelt congratulations to the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz Al Saud, and HRH Prince Mohammed bin Salman Al Saud, Crown Prince. We also send our best wishes to all citizens of Saudi Arabia on this significant occasion, symbolizing national pride and appreciation for the Kingdom's remarkable achievements.

National Day embodies a deep pride in Saudi Arabia's identity, prompting reflection on the Kingdom's accomplishments over the decades, from its founding by the late King Abdulaziz Al Saud to the current era of development and progress under King Salman. Saudi Arabia has long been a model of unity and collaboration between the government and the people, positively impacting all aspects of life.

This day provides a wonderful opportunity to express loyalty to a nation that consistently excels in various fields. Saudi Arabia stands out as a major supporter of innovation and development, particularly in the water sector, which is one of the most pressing global challenges. ARWADEx appreciates the commendable efforts of the Saudi government in desalination, as the Kingdom has established itself as a leader in this vital area.

ARWADEx serves as a platform that brings together researchers, specialists, and stakeholders in desalination to exchange knowledge and discuss the latest technologies and innovations addressing water scarcity challenges. The Kingdom's substantial investments in modern desalination plants reflect its commitment to global advancements. Saudi Arabia ranks among

the world's largest producers of desalinated water, effectively meeting the needs of its citizens and residents.

In this context, ARWADEX is pleased to announce that it will organize a conference in partnership with the International Waste Water Infrastructure (IWWI) from September 10-12, 2024, at the New Cairo International Exhibition Center. The Kingdom has previously hosted several sessions of the conference under the patronage of the late King Abdullah bin Abdulaziz Al Saud.

In conclusion, ARWADEX extends its warmest congratulations to the Custodian of the Two Holy Mosques, the Crown Prince, and the Saudi people on the occasion of National Day 94. We encourage everyone to envision a sustainable future for all Arab and Islamic countries.

Wishing the Kingdom continued progress and prosperity. Happy National Day to Saudi Arabia and its people!
